

Each Moment We're Alive Survivorship programs enhanced the lives of over 150 female cancer survivors in 2017.

OUR MISSION

The mission of Each Moment We're Alive is to empower women who have survived cancer through workshops and programming that incorporates music, books, beauty and action plans to help guide women to move beyond cancer.

TESTIMONIES

"Words cannot express how much I have enjoyed and gained personally in attending and participating in each session. Sharing our stories and experiences has given me strength and hope for the future. It is reassuring knowing I am able to keep in contact with all of you! I am blessed to have been part of such a wonder group of survivors. Thank you for all you did to make this such a successful program..." - PH

"The survival sponsorship program has truly changed my life. During the 8 weeks of creating an action plan for my future. I gained an insurmountable confidence and self-esteem..." - TS

"It's hard to get after patient care"

Treatments are typically centered on doctors, testing and treatments, but little attention (if any) is paid to what happens when treatments end. A survivorship care plan specifically helps with the feeling of isolation and anxiety that often occurs while going through treatments or when treatments end and focuses on the surest ways to feeling whole.

A person is not defined by what happens to them, they are defined by how they respond to what happens to them. My motto is "Coaching from the inside out." I am now teaching women to Thrive through Cancer.
